Mr. Van Wyk explained that this is the same language that the Board saw at the last meeting but the only thing that was changed was a request by a Board Member that Thanksgiving Day be listed as one of the excluded days from parking restrictions due to residents' guests. Mr. Van Wyk explained that the parking and Traffic Enforcement Policies limits parking overnight from 12:00 a.m. - 6:00 a.m.; it authorized the District to enter into an agreement with a towing company. Pursuant to Statute 715.07 the District will be placing signs indicating that there is no parking between the hours specified above. The District Engineer will be preparing the map that will go along with the agreement as an exhibit and it will include all of the areas in the District including the Amenity Facility. Mr. Heath brought up issue with only enforcing parking between midnight and 6:00 a.m. and asked what the District is accomplishing when parking cannot be enforced during the day. The Board discussed the benefits of this solution. Ms. Schwenk suggested that the Board put this in place today and see how it goes for a month and monitor the situation. Mr. Shapiro asked what kind of policy Phase 1 has and how it is going. Mr. Van Wyk answered that it is from 12:00 a.m. – 6:00 a.m. and it is still in the process of getting completed and the signs being put up. The District will be required to post signs. Mr. Shapiro said that once people are put on notice and the District takes action on violations word will spread quickly through the community.
